

**ADDENDUM TO VEHICLE WRAP QUOTE**

Your Quote for a vehicle wrap is based on the vehicle(s) being provided to the installer clean and free of dust, mud, wax, oil, ArmorAll type products, and any other agents that may prevent the graphic material from adhering to the surface. The vehicle(s) will need to be high pressure washed with detergent just prior to the installation. After washing, it is also critical to prep the vehicle(s) surface with degreasers, alcohols and other solvents. The installer will do some **minor** prep work prior to the installation to insure the vehicle is ready for the graphics. Any charges incurred by the installer to clean the vehicle(s) will be passed on to the customer.

Vehicle(s) must consist of the original factory paint job. Repainted or paint in poor condition will void the Warranty. The Warranty does not cover damage due to vehicle wear and tear, or minor bubbles or wrinkles in the installed wrap. It is normal to have an occasional wrinkle or bubble in vehicle wraps. Even the best adhesive installer cannot eliminate all wrinkles and bubbles especially on concave and/or rounded surfaces.

All Warranties are voided if the material is installed or repaired by anyone other than Merritt Graphics installation expert. Most material failure is a result of improper prep work and installation. It is important that you address any issues concerning your wrap directly with your sales representative at Merritt Graphics **immediately**.

Do not wash the vehicle for at least one week after the installation of the graphics. Hand washing is strongly recommended using a mild cleaning detergent. In the event you choose not to hand wash the vehicle(s), avoid high pressure washes, washes with rotating brushes, and the use of caustic chemicals for cleaning the vehicle. Do not apply any polishes to the vehicle(s) for at least three weeks after the installation. After the three weeks, use only wax free, silicone, or Teflon polishes on the vehicle graphics. Do not use an ice scraper on any window graphics.

**The Merritt Graphics Warranty on this installation is:**  
**Three (3) years on labor and material (excluding window view thru).**  
**One (1) year on labor and material for window view thru.**

I have read and understand the information as provided above.
