

Comagrav ONF ONK ONO oscillating knives/knife blades

Comagrav ONF ONK oscillating knives/knife blades

ONK - knives for cutting corrugated cardboard, rubber and hard materials. The tool has small radius on the bottom to prevent unexpected wear.

ONF - knives for cutting fibrous materials. The knife is flat on the bottom, so it cuts all fibres. These knives are usable for oscillating cutting heads COMAGRAV, primary designed for pneumatic head. Using special adapter, they can be used also in electric oscillation unit.
