

Esko Kongsberg Bld-Sr6307 Knife Blade G42441634

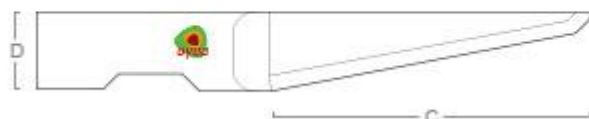

Recommended use

Gives less over-cut than the SR6310 but is more slender and may give a less accurate cut in curves when cutting heavy board grades.

Specifications

D	Shank diameter	6mm
C	Maximum cutting thickness	20mm - 3/4"

Diameter of the holder: 6 mm

CUTTER BRAND

Esko Kongsberg
