

Esko Kongsberg BLD-SF216 C2 Coated Blade

SKU#42475749

Single-edge blade for soft flexible materials. Used with through-cut paper, vinyl etc. C2-coated for longer life time.

The Tungsten carbide thin coating provides a super hard and smooth surface with 60% reduced friction. This means less lift and pull when milling, ensuring less power consumption. It increases therefore productivity for sign applications. The coating extends x6 the lifetime of the product, it's biocompatible and harmless for the environment.
