

## Esko Kongsberg V-Cut knife blades

Blade No	Image	Description	Recommended Materials
Esko Kongsberg: G42443 978, 42443978, BLD-SF212, BK12		cutting depth approx. 7 mm	Flexo clichés, processed, for Corrugated
Esko Kongsberg: G42448 589, 42448589, BLD-TZ511		cutting depth approx. 17 mm	Display carton/ corrugated plastic, fluted core board (Re-board, X-board, D-board, etc.), triple wall corrugated sandwich
Esko Kongsberg G424485 97, 42448597, BLD-TZ5 12		cutting depth approx. 17 mm	Display carton/ corrugated plastic, fluted core board (Re-board, X-board, D-board, etc.), triple wall corrugated sandwich
Esko Kongsberg G340612 18, 34061218, BLD-TZ2 30		cutting depth approx. 30 mm	fluted core board (Re-board, X-board, D-board, etc.), Honeycom triple wall corrugated board, tough paper-based materials

Esko Kongsberg BLD-T Z129		Maximum cutting thickness 17mm - 43/64"	Corrugated plastic Foam board soft (PUR) Foamed PVC / PS Foamed PVC / PS V-notch Honeycomb / Fluted core board
Esko Kongsberg BLD-TZ192		Thickness 0.6mm - .024	Corrugated plastic Foam board soft (PUR) Foamed PVC / PS Honeycomb / Fluted core board
Esko Kongsberg: 4245527 9, G42455279, BLD-D F570 Atemag: 59008 / 118802		cutting depth approx. 16 mm	fluted core board (Re-board, X-board, D-board, etc.), Honeycomb, triple wall paper-based materials
Esko Kongsberg: G42455 287, 42455287, BLD-SF2 45		cutting depth approx. 7 mm at 45°	Display carton
Esko Kongsberg: G34094 581, 34094581, BLD-SF2 90		cutting depth approx. 16 mm at 45°	triple wall corrugated board, triple wall carton/ corrugated plastic, fluted core
Esko Kongsberg BLD-DF5 61		Maximum cutting thickness	12 3/
Single edge round Shank 6mm oscillating blades			

•	Esko/Kongsberg 8mm Round Shank shaft blades
•	Esko/Kongsberg Single edge flat blades
•	Esko/Kongsberg Single-double edge round Shank 6mm
•	Esko/Kongsberg Kiss cut blades
•	Double-edge flat and rota cut blades
•	Single edge round 6mm foam blades
•	Single edge round 6mm serrated blades
•	Single edge flat foam blades
•	Single edge flat serrated blades
•	Special purpose heavy-duty flat blades
•	Single edge flat standard blades
