

Mimaki SPB-0065 Cutting Knife blade

Feature:

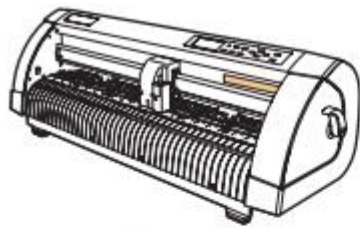

The blade is developed for corrugated board with reciprocating cutting. Although the price is higher than SPB-0055, this blade has higher durability and is used to cut double-faced corrugated board. It is recommended for high frequently used customers.

Corresponding machine:

CF2-RC

Mimaki compatible blade holder Pinch Roller for Mimaki Plotters

Main unit

Cutter blade
(for Vinyl)

Cutter holder
(Provided with blade)
