---

**Photo Tex (EX) & (EXS):** A Higher-Tack version of Photo Tex.  
50% stronger adhesive. Best for textured walls, eggshell paints & outdoor venues.

Photo Tex (EX): Aqueous, UV & Latex inks available in 42" x 100' roll.

Photo Tex (EXS): All Solvent, UV & Latex inks available in 54" x 100' roll.

- Aqueous Photo Tex works better with Latex inks concerning water proof & scratch resistant's.
- We do recommend liquid lamination for outdoors when using all (S) solvent inks and latex inks on solvent Photo Tex.
