

Zund Tungsten Carbide Router Bits R204

Suitable for:

Pertinax

Acrylic

Polycarbonate

Aluminum

Aluminum composite

Wood

Corrugated plastic

Dimensions:

6mm in diameter

4mm routing diameter

14mm routing depth

Maximum rotation speed:

Description:

Multipurpose bit perfect for hard & soft plastics and suited for a wide range of materials including acrylics, expanded PVC, metals, corrugated plastics and more.

Machine Type:

Zund G3 Series, Kongsberg XL/XN series, Kongsberg XP, AXYZ Routers, Multicam Routers, Various CNC Routers
